Dear Sir:

In response to the Interview Summary contained within the Notice of Allowance dated April 20, 2011. The Applicant and Examiner discussed claim 22 on April 5, 2011. Applicant proposed an amendment to claim 22 to overcome previous rejections based on Wuest by eliminating amino groups as a substituent on the 1,3,5-triazine rings. The Examiner indicated that the proposed amendment would appear to place the application in condition for allowance pending a final search. Applicant agreed to send out an amendment containing the amendment to claim 22. The applicant filed the amendment.

Applicant believes no additional fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 03-2775, under Order No. 32007-00019-US from which the undersigned is authorized to draw.

Dated: April 27, 2011

Respectfully submitted,
